SUMMARY

Data scientist with 17 months of industry experience in pharmaceutical sales analytics, reporting and e-commerce; M.Sc. Data Science student at TU Dortmund, open to working-student, internship and research roles from November 2026.

EXPERIENCE

Data Scientist – PRM & Company (PRM Pharmaceuticals), Bhavnagar, India — Jun 2025 – Oct 2026

Ayurvedic and herbal pharmaceutical manufacturer, est. 1999, ISO 9001:2015 certified

- Analysed sales, online orders, customer reviews, purchase and manufacturing orders in Python (pandas) and Excel as the evidence base for sales and marketing decisions.
- Evaluated promotional schemes and isolated weak regions and products; the findings reshaped distribution strategy: **+8% sales** in previously underperforming areas, **+17%** in targeted product segments.
- Modelled product demand by season and region to decide which products to push where and when, and to target social-media ad campaigns.
- Consolidated inconsistent multi-source data into audit-ready datasets for the Annual General Meeting; built Excel reporting for management, e.g. a dispatch analysis of 1,427 shipments across two states and field-force KPI tracking.
- Built and launched the direct-to-consumer shop prmherbovilla.com on Shopify with custom JavaScript and CSS (6 product categories; UPI, card and cash-on-delivery payments).
- Built a real-time statistical dashboard on the shop's data for the business team: revenue trends, regional order distribution, top-selling products and live KPIs.
- Mapped India's herbal cough-drop market – national brands and 39 regional manufacturers – to identify white-space states for new products.

Full-Stack Developer Intern – IT Hub Software Solutions, Bhavnagar, India — Jan 2025 – Apr 2025

Mandatory final-semester internship, 12 weeks

- Sole developer of a real-estate management system in PHP, MySQL and JavaScript: role-based access for buyers, sellers, agents and admins, multi-criteria search, lead management, EMI calculator, document verification.
- Designed the relational schema from an ER model; sped up search through indexing, query optimisation and caching; integrated Razorpay and PayPal payments.
- Ran unit, integration, user-acceptance, load and security tests; added structured error logging and automated backups.

Flutter Developer Intern – InfoLabz IT Services Pvt. Ltd., Ahmedabad, India — Jun 2024 – Jul 2024

Mandatory summer internship, 2 weeks

- Built a cross-platform news app in Flutter and Dart on the Inshorts News API (REST, JSON, Material UI).

EDUCATION

M.Sc. Data Science – TU Dortmund University, Faculty of Statistics, Germany — Oct 2026 – Sep 2028 (expected)

- Modules: Statistical Theory (measure-theoretic probability, decision theory), Advanced R, Data Science in Context.

B.E. Computer Engineering – Gyanmanjari Institute of Technology (GMIT), Bhavnagar, India — Jun 2021 – May 2025

- Degree awarded by Gujarat Technological University (GTU). CGPA 7.73/10, equivalent to a German grade of about **2.1** (modified Bavarian formula); top 15% of the cohort; about 240 ECTS.
- Relevant courses: Probability and Statistics, Discrete Mathematics, Data Structures, Algorithms, Database Systems, Artificial Intelligence, Big Data Analytics.

PROJECTS

FUTOLOGY – football analytics web app — github.com/krish2248/futology

- Next.js, TypeScript, Tailwind CSS, Supabase (auth, PostgreSQL, realtime), API-Football: live scores, OTP login, prediction game with leaderboards; 530+ commits across two iterations, live demo.
- Next milestone: FastAPI ML service – XGBoost match predictor, k-means player clustering, SHAP-based transfer valuation.

Auto-Valuator – used-car price prediction — github.com/krish2248/Auto-Valuator

- Python, scikit-learn, XGBoost: five regression models trained on age, mileage, make and condition; best $R^2 > 0.85$.

RPSLS – real-time multiplayer game — github.com/krish2248/Rock-Paper-Scissors-Lizard-Spock

- React, Redux Toolkit, TypeScript, Node.js/Express, Socket.IO: online rooms, offline mode, installable as a PWA.

Coffee Journal – specialty-coffee tasting journal — krish2248.github.io/Coffee-Journal

- Astro, React, Three.js, Recharts: 60+ coffees from 25+ Indian roasters, flavour radar charts, nine brewing guides.

Vellum Codex – personal library web app — krish2248.github.io/Vellum-Codex

- Vanilla JavaScript: 74 books with statistics dashboard, genre filters, search, sorting and reading status (localStorage).

2048 Dark – puzzle game — krish2248.github.io/2048-Dark

- One HTML file, no dependencies: undo, hints, 13 achievements; native Android version in Kotlin/Jetpack Compose.

LLM experiments – AI Agent v14 and Connect 4 vs Nemotron

- An agent on Llama 4 via the Groq API exploring tool use and multi-step tasks; Connect 4 against NVIDIA Nemotron, with the game state serialised into prompts and every model move validated against the rules.

Virtual Classroom – Zoom API

- Live classes through the Zoom API plus assignment submission (JavaScript), built under faculty supervision at GMIT.

40 public repositories on GitHub, including study notes on mathematics for machine learning and Python fundamentals.

SKILLS AND LANGUAGES

Data & statistics	Python (pandas, NumPy, scikit-learn, XGBoost, Matplotlib, Seaborn), SQL, Excel (pivot tables, SUMIFS, INDEX/MATCH), hypothesis testing, regression
Software & web	TypeScript, JavaScript, React, Next.js, Node.js, PHP, MySQL, PostgreSQL/Supabase, REST APIs, Git, Jupyter, LaTeX, Shopify
Basic knowledge	R (Advanced R course, winter term 2026/27), Java, Kotlin, Flutter/Dart, TensorFlow
Languages	Hindi, Gujarati native · English C1 (IELTS Academic 7.5) · German A1 (course since Oct 2026)

RECOMMENDATIONS

Sagar Makwana – Head of Human Resources, PRM & Company
"His data insights played a vital role in shaping our strategic decisions."

Prof. Prashant J. Viradiya – Head of Department, Computer Engineering, GMIT
"…one of the most dependable and inventive students in his cohort."

Prof. Ritesh D. Chimnani – Assistant Professor, Computer Engineering, GMIT
"Krish distinguished himself as a curious, disciplined, and methodical learner."

Full signed letters available on request.

ADDITIONAL INFORMATION

Work authorisation	Germany – student residence title (§ 16b AufenthG)
Availability	From November 2026 · up to 20 h/week during lectures, full-time in semester breaks
Hackathon	Participant, SSIP Hackathon 2022 (state-level, Government of Gujarat)
Interests	Football analytics (FUTOLOGY), specialty coffee (V60), reading (Tolstoy), journaling
